CHAIRMAN GREG THOMAS: I am going to go ahead and call the Tolling Body to order. It's three o'clock. Welcome everyone. I want to begin with introductions.

First, I want to introduce a new member on behalf of KPTIA, Charles Buddeke. Charles, thank you for being with us. He is on the KPTIA Board and trust advisors. And I understand you were with the original Bi-State Authority, so he's well-qualified to be a member of the Tolling Body. So, welcome.

BOARD MEMBER BUDDEKE: Thank you.

CHAIRMAN GREG THOMAS: Why don't we go ahead and introduce ourselves.

BOARD MEMBER STARK: My name is Jim Stark. I'm with the Indiana Finance Authority, and I'm here as the designee for the Indiana Finance Director.

BOARD MEMBER MCCLELELLAN: My name is Tony McClelellan. I'm with the Indiana DOT, and I'm serving as the designee for Commissioner Brandye Hendrickson.

CHAIRMAN GREG THOMAS: I'm Greg Thomas. I'm the Secretary of the Transportation Cabinet
of Kentucky.

BOARD MEMBER LANDRUM: William Landrum, Secretary of Finance and Administration Cabinet for the State of Kentucky.

BOARD MEMBER STEMLER: I am Kerry Stemler. I serve the Indiana Finance Authority as a private citizen appointed by the Commissioner Brandye Hendrickson.

CHAIRMAN GREG THOMAS: Thank you.

Moving to the agenda, beginning with the minutes. Is there any discussion about the previous meeting minutes?

Is there a motion to approve --

BOARD MEMBER STARK: I make a motion to approve the minutes.

BOARD MEMBER LANDRUM: I second.

CHAIRMAN GREG THOMAS: The motion has been seconded.

All in favor?

BOARD MEMBER STARK: Aye.

BOARD MEMBER LANDRUM: Aye.

BOARD MEMBER MCCLELELLAN: Aye.

CHAIRMAN GREG THOMAS: Motion carried. Minutes approved.

Introduce Clint Murphy, who is the
Director of Toll Operations for the Indiana Department of Transportation. We have on the agenda one resolution, TB 2016-3.

CLINT MURPHY: Thank you, Mr. Chair, members of the Tolling Body. I present to you Tolling Body Resolution TB 2016-3. During the previous Tolling Body meeting, which was held on May 11th of this year, Resolution TB 2016-2 was approved incorporating toll policy and business rules to govern the RiverLink toll collection system.

As part of this Resolution, the pre-tolling would start when the project passed the cross-river road weighting capacity to the transportation system in the project area. It went on to provide that Tolling Body makes weight to start tolling if needed to provide live testing of the toll system as part of its mission into the system.

There was good news earlier this month when the Downtown Crossing achieved substantial completion earlier than expected with all 12 lanes open to unrestricted traffic. While this represents increased capacity as contemplated in our tolling policy, the live testing is
still underway on the RiverLink system.

Since this RiverLink system is still in the process of being commissioned, a Resolution is now required of the Tolling Body. The Tolling Body Resolution, TB 2016-3 before you reads that tolling will commence at the time the system passes the final system production readiness test and States' Parties' representative -- representatives have confirmed the toll collection system should be implemented.

It is the staff's recommendation that Resolution TB 2016-3 be adopted as proposed.

CHAIRMAN GREG THOMAS: Thank you.

Any questions or discussion?

BOARD MEMBER LANDRUM: Is this for all three bridges?

CHAIRMAN GREG THOMAS: Yes. That's correct.

BOARD MEMBER BUDDEKE: Do we have an estimate on how much longer?

CLINT MURPHY: We have no specific timeframe for the completion of this testing. Based on the current progress analysis, and I was out there earlier today on the east-end
crossing, we anticipate this may happen around the end of year. But this testing is very logistically complex and rigorous, and so we do not want to estimate too closely when we think that might be.

CHAIRMAN GREG THOMAS: The goal is accuracy, thoroughness of testing, and we have always said December, so the goal is to make sure our customers receive a thorough and accurately tested product.

Any other questions or discussions?

Do I hear a motion to approve --

BOARD MEMBER LANDRUM: I make a motion to approve the Resolution.

CHAIRMAN GREG THOMAS: Is there a second?

BOARD MEMBER LANDRUM: Second.

CHAIRMAN GREG THOMAS: The motion has been seconded.

All in favor?

BOARD MEMBER STARK: Aye.

BOARD MEMBER LANDRUM: Aye.

BOARD MEMBER MCCLEELLAN: Aye.

BOARD MEMBER STEMLER: Aye.

BOARD MEMBER BUDDEKE: Aye.

CHAIRMAN GREG THOMAS: Motion carries.
Thank you, Clint.

Okay. Any old business?

Okay. That bring us to the adjournment portion of the agenda.

Do I hear a motion for adjournment.

BOARD MEMBER STARK: I make a motion.

CHAIRMAN GREG THOMAS: So made.

BOARD MEMBER LANDRUM: Second.

CHAIRMAN GREG THOMAS: The motion is seconded.

All in favor?

BOARD MEMBER STARK: Aye.

BOARD MEMBER LANDRUM: Aye.

BOARD MEMBER MCCLELELLAN: Aye.

BOARD MEMEBER BUDDEKE: Aye.
