The procurement and the Contract shall be administered and managed on behalf of the Joint Board and the States’ Parties in conformance with the following:

1. The Kentucky Parties and the Indiana Parties shall designate representatives to work with counsel and the Toll Services Advisor to develop the RFP and procurement processes for BII Broker services and BII. The RFP and the procurement processes shall meet the requirements of the Contracting Party’s statutory and regulatory requirements.

2. The Kentucky Parties and the Indiana Parties shall each designate one (1) representative to a Selection Committee to work with counsel and the Toll Services Advisor to review RFP Responses and to make a collective recommendation of a preferred offeror to the Joint Board.

3. The Contracting Party shall administer the Contract as authorized and directed by the Joint Board. The Kentucky Parties and the Indiana Parties shall each designate one (1) representative to work with counsel and Toll Services Advisor on the direction of the work of the contractor selected to perform the BII Broker services on behalf of the Joint Board after the Contract has been awarded.

4. Payment obligations on the Contract shall be shared equally between the Indiana Parties and the Kentucky Parties, and the Contract shall provide that each State shall only be responsible for one-half of the Joint Board’s financial obligations under the Contract, such terms to be accepted in writing by the selected provider in the Contract.

5. The Contracting Party shall absorb all of its costs of administering and managing the Contract. Each Non-Contracting party shall absorb all its internal costs associated with its duties hereunder and under the Contract. Third party costs incurred by any Party with the prior written consent of the other Parties shall be shared equally.

6. The Kentucky and Indiana Parties’ representatives shall prepare reports as needed regarding the status of the Contract, which shall include a description of any material issues affecting proper completion, the schedule for performance, or the budget for any of the States’ Parties, upon request. Such status reports shall be available for Joint Board Meetings and Tolling Body Meetings when requested.

7. It is the goal of this resolution to promote and insure joint coordination, management, and communication between the BII Broker services contractor and the States’ Parties. The States’ Parties’ representatives shall require periodic team meetings to be scheduled with appropriate frequency to insure adequate coordination and progress of the BII Broker’s work. In any instance where Project related communications are necessary without representatives of one of the States’ Parties, the representative of the States’ Party privy to the communication will make every reasonable effort to relay the specifics of the communications to the non-participating States’ Parties’ representatives in writing in a timely manner, ideally the same business day.
8. The Contracting Party shall maintain all of the books and records relating to the Contract and shall make them available to representatives of the Non-Contracting Parties upon request.

9. The final Contract will not be issued or executed without prior notice to, and unanimous approval of, the Non-Contracting Parties.

10. The following actions shall be the responsibility of the Contracting Party. No action or directives may be made on the Contract without the joint approval of the members of the Non-Contracting Parties. The Contracting Party shall not take any of the following actions without prior notice and unanimous approval of all members of the Non-Contracting Parties:
   a) Invoices and contract payments on the Contract;
   b) Claim determination;
   c) Issuance of a Punch List;
   d) Final approval or acceptance;
   e) Approval of installation documents;
   f) Approval of ongoing operations and maintenance work; and
   g) Actions related to performance reviews of ongoing operations and maintenance work.

11. Changes in the scope of work, schedule or cost of work under the Contract may only be approved through an official action of the Joint Board.

12. Disputes amongst the representatives of the States’ Parties as to administration of the Contract shall be submitted to the Joint Board for resolution according to the terms and conditions of the Bi-State Development Agreement.

13. The States’ Parties shall have equal access to work product generated pursuant to the Contract.

14. The States’ Parties shall be named as express Third Party Beneficiaries to the Contract.

15. Acts or Omissions of the Contracting Party that are contrary to or inconsistent with this Resolution shall be at the sole cost and responsibility of the Contracting Party.
